Education Foundation Awards Innovative Educators \$12,000

BELL, the Education Foundation of Manassas Park, awarded \$12,000 in grants to innovative educators in Manassas Park City Schools.

The grants are intended to fuel ground-breaking ideas that support student growth and achievement. This year's funding will support initiatives such as:

- Robots to facilitate English language acquisition and a photography/videography studio at Manassas Park Middle School,
- Adapted curriculum support materials as well as a centrally located sensory hallway to encourage active self-control strategies at Manassas Park Elementary School, and
- Preschool STEM discovery center materials and toolkits for teachers to support instruction of English language learners at Cougar Elementary School.

“We are thrilled to be able to directly help teachers and impact the positive influence Manassas Park City Schools makes every day,” said BELL President Talya Conroy. “It is truly an honor to be able to do this, and we know these grants will bring some very unique opportunities to students.”
